

Call For Nominations

TAMEST (The Academy of Medicine, Engineering and Science of Texas) invites you to submit your nomination for the 2020 Edith and Peter O'Donnell Award in Technology Innovation. The O'Donnell Awards annually acknowledge outstanding achievements of rising star Texas researchers.

The 2020 Edith and Peter O'Donnell Award in Technology Innovation

The Technology Innovation Award was specifically designed to recognize individuals from non-academic institutions who have made either a major innovative technological discovery or whose career achievements have resulted in major discoveries that have the potential for making a significant impact on society. Above all, the nominee (or at least the driving force of a team nomination) should be deemed to eventually become a viable candidate for election to one of the National Academies.

Award recipients will be honored at TAMEST's Annual Conference in January, where they will present their research to attendees and also receive a \$25,000 honorarium and medal. Next year's conference will be held January 7–9, 2020, at the Fairmont Dallas hotel.

TAMEST is now accepting nominations through **April 30, 2019**. More information, including nomination guides and applications, can be found on the TAMEST website: tamest.org
