

TAMEST NATURAL HAZARDS SUMMIT

*Responding
to and
Mitigating
the Impacts*

PART II: LUBBOCK

May 16, 2022
Texas Tech University's
International Cultural Center

TAMEST's Natural Hazards Summit: Responding to and Mitigating the Impacts will take place at Texas Tech University's International Cultural Center on May 16, 2022, and will examine the warning, response and engineering aspects of natural hazards with a focus on tornadoes, thunderstorms, drought and hail.

The summit will convene government officials, research leaders and insurance industry representatives to take a hard look at what the state needs to know and do to prepare for future natural disasters, unprecedented weather events and global pandemics, including response, recovery and mitigation of the impacts.

SPEAKERS INCLUDE:

Kelvin K. Droegemeier, Ph.D.
Regents' Professor of Meteorology,
Weathernews Chair Emeritus in
Applied Meteorology
University of Oklahoma

Katherine Hayhoe, Ph.D.
Chief Scientist, The Nature
Conservancy
Horn Distinguished Professor and
Endowed Professor of Public
Policy and Public Law
Texas Tech University

Tracy Kijewski-Correa, Ph.D.
Linbeck Chair and Associate
Professor, College of
Engineering & Keough School
of Global Affairs, University of
Notre Dame

SPONSOR THE SUMMIT

As a sponsor of the TAMEST Natural Hazards Summit (Part II in Lubbock), you provide valuable support and thought leadership to the only summit dedicated to convening Texas' greater research community, state and local policymakers and natural hazards experts to respond to and mitigate the devastating impacts of natural disasters.
